Schedule of grants for 2002.

Research Fellowship - Eliezer Yudkowsky

Amount: \$24,000

Description. Provides for the continuation of Eliezer Yudkowsky's theoretical analysis of Friendly Artificial Intelligence, his activities in Artificial Intelligence design and analysis, and his activities in Singularity advocacy and evangelism.

EIN: 58-2565917

Justification. Eliezer Yudkowsky has been recognized as one of the most active proponents of the Singularity since 1996, and has been the sole technical theorist on AI morality since 2001. This Research Fellowship has enabled him for the first time to work on the Singularity full-time, including analysis of Friendly AI and AI design

(Please note that as Yudkowsky is both a Research Fellow and a Director, no donated funds are used for this Fellowship unless the donor explicitly consents that the funds may be used for that program. The funds for this Fellowship are kept in a separate bank account.)

Controlled Ascent Feature - Novamente Project

Amount: \$400

Description Provides for the implementation of a controlled ascent feature, as called for by the SIAI Guidelines on Friendly AI, in the Novamente Artificial Intelligence project.

Justification The Novamente AI project is the non-profit continuation of work begun at the for-profit company Webmind, Inc. The Novamente AI project has declared the intention of reaching for "real AI" or Artificial General Intelligence, explicitly including recursive self-improvement. The SIAI Guidelines on Friendly AI call for any such project to implement a controlled ascent feature as early in development as possible. As the Novamente project indicated they were not willing to commit programmer resources to developing a controlled ascent feature without compensation, a grant was made available to fund implementation of this basic safety feature.

Article I of the Bylaws was amended on Jun 02, 2002 to allow the Corporation to adopt a new principal office, within the state of Georgia, but within a different county in Georgia, without requiring amendment of the Bylaws. The Bylaws formerly required amendment to allow for moves from county to county within the State of Georgia.

Specific changes: Struck "Fulton County" from "located in Fulton County, State of Georgia" in Section 1. Struck "county or" from "the county or state of the Corporation's principal office" in Section 2 Replaced "county" with "state" within "within the named state" in Section 2

No other changes were made. The changes described did not alter the organization or nonprofit purposes of the Singularity Institute in any way.

I certify that the following document is a conformed but unsigned copy of Article I of the Bylaws of the Singularity Institute for Artificial Intelligence, Inc. in their present form

Eliezer Yudkowsky, Secretary.

5/15/2003

BYLAWS OF Singularity Institute for Artificial Intelligence, Inc.

Grant determination method:

The Singularity Institute makes Fellowship grants where the following conditions obtain.

- *) The work performed is of unique relevance and value to the Singularity, to Artificial Intelligence, or to Friendly Artificial Intelligence
 - *) The work is unfunded or underfunded by existing institutions.
- *) No benefit would be realized by embracing the work on a contractual or employee basis; or the Singularity Institute lacks the administrative or project structure to do so, or the work can only be performed under the aegis of an existing institution; or we judge that the work would best be carried out independently.

The Singularity Institute makes Friendliness safety grants to AI projects or organizations where the following conditions obtain.

- *) The organization has declared the intention of developing real AI (Artificial General Intelligence) and/or recursively self-improving AI.
- *) The organization does not possess the resources or the determination to independently implement those basic safety features called for in the Singularity Institute's Guidelines on Friendly AI.
- *) The organization is willing to develop and implement such safety features in their AI if the development of those safety features is paid for by the Singularity Institute.
